The Private Secy in his letter of 14th June 41 suggested certain measures for encouraging the Civic Guards movement in this State and incidentally referred whether it is not desirable to depute an officer for training in the proposed A.R.P. School at Calcutta. The Chief Secy had a discussion with the I.G.P. in the matter and in his minute dt the 14th June 41 it is seen that the I.G.P. is of opinion that it would be enough if an officer is deputed to Bombay to study both the Civic Guards movement and the A.R.P. schemes. The file viz: the appointment of a Special Officer for A.R.P. in the State has been submitted to His Highness for orders. The Resident have stated in their letter dt the 11th June 41 that the date for commencing No 1. (A.R.P. Officers') Course (Calcutta) has been

Changed h 30th June 41 and has enquired whether this Govt desire to nominate any Candidate for this Course.

In view of the I.G.P.'s opinion it is for order whether the Residency may be intimated that this Govt do not propose to nominate any person for the Officers Course at the A.R.P. School Calcutta.

(RS 16/6)

The I.G.P.'s opinion is only that it is not necessary to send an officer to study the A.R.P. arrangements of Calcutta City, which might be too elaborate for us.

The proposal herein is to send candidates for training in various classes of A.R.P. work at a School to be opened, and it may be worth while to send an officer (& perhaps a subordinate) for this training. This ~~[illegible]~~ may however be considered after the Special officer proposed to be appointed becomes available. It is seen that the first set of Courses of training begins on 30.6.41, while a second series begins on 22.9.41

received back with His Highness's approval and is under circulation. The idea is to depute an officer to Bombay to study both the schemes and it was considered unnecessary to depute separately an additional officer to Calcutta for training in A.R.P. Separate action is being taken to depute a Gazetted Officer to Bombay.

It may perhaps be useful if we depute one or two subordinate officers to undergo the Instructors course of training in the A.R.P. School, at Calcutta. If this idea is approved, the I.G.P. will be requested to depute a clever and intelligent Inspector as well as a Police Sub Inspector to undergo training. These officers may after training report themselves for duty under the Gazetted Officer who is expected to be deputed to Bombay so that the work of these officers may be co-ordinated, and a scheme suited to local conditions may be worked out.

For the latter I propose to nominate Mr. St Clair Wright, an Inspector of the P.R.P., who has already some knowledge of the subject. On this return he could train as many Class III Instructors as may be necessary, since he is almost certain to qualify as an A.R.P. Instructor Class I, vide Rules re Training of A.R.P. Instructors. OFFICE OF THE
INSPECTOR-GENERAL OF POLICE IN MYSORE,

Secret & Immediate.

No. C.C.4/41-42.

Bangalore, dated July 18, 1941.

FROM

E. G. B. PEEL, ESQ., C.I.E.,
Inspector-General of Police in Mysore,
Bangalore.

To

The Chief Secretary
to the Government of Mysore, Bangalore.

Hindustan Aircraft, Ltd. - Air Raid Precautions(P.A.D.).

Sir,

I have the honour to point out that no instructions appear to have been received from the Government of India regarding the preparation of an Air Raid Precautions Scheme for the Hindustan Aircraft Factory.

In your letter No.119/W dated the 2nd May, 1941, asking me to prepare a simple Air Raid Precautions Scheme for Bhadravathi and similar schemes for Bangalore and Mysore Cities on the lines indicated in Section 7 of Pamphlet No.3, Passive Air Defence(India), there is no mention of the Hindustan Aircraft Factory, nor is it mentioned in the enclosures to your Secret letter No.265/W dated the 17th June 1941, dealing with fire protection and the protection of personnel in factories, although this particular factory has been placed in category A for the purposes of Internal Security, vide the enclosure to your Very Secret letter No.341/W dated the 9th July 1941.

I mentioned this omission to the Commissioner of Police, Bangalore, and added that I supposed that the Military authorities were undertaking the responsibility for Passive Air Defence in the Hindustan Aircraft Factory. He appears to have referred the question to the Station Staff Officer, Bangalore, who has now addressed Head Quarters, Madras District, stating that "the Hindustan Aircraft Factory is not included in the Bangalore Passive Air Defence Scheme 1941, and it is assumed that the responsibility for its

its protection lies with the Civil Authorities". A copy of this letter dated 14th July 1941 has been forwarded to me by the Station Staff Officer.

In the circumstances I request to be informed whether I should now draw up an Air Raid Precautions Scheme in consultation with the General Manager of the Hindustan Aircraft Factory, on the lines of the scheme already sanctioned for the Bhadravathi Iron and Steel Works, or whether advantage should be taken of the close proximity of the Military Experts of the Madras District, the presence of a Government Director of Hindustan Aircraft, Ltd. in the shape of a distinguished Air Marshal and the Military importance of the Factory itself, to request the Military authorities to prepare a scheme for the Management of the Hindustan Aircraft Factory to put into effect?

In the meantime I suggest that it is of the first importance that telegraphic application should be made for the reservation of a place in the Industrial Course to be held at the A.R.P. School at Calcutta from the 28th July, 1941, for a candidate to be nominated by the General Manager of the Hindustan Aircraft Factory, vide your letter No.Pol.2194 dated the 30th June 1941 to the Secretary to the Resident.

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

Subl.
A. Residency may be requested to secure admission for a candidate from the Hindustan Aircraft Co. In a recent communication the Resident has stated that the Air Factory is included in Category A and has asked us to prepare a Scheme there for.

After all we had only intimated our requirements to the Residency, and there was no guaranteed reservation of seats. The G.M., Iron works, would have done well to have assured himself if a seat had actually been allotted before sending the candidate to Calcutta.

There seems to be now very little chance of our securing admission to the candidate now at Calcutta by inducing the Home Dept. to allocate a seat now. (the course has already commenced). In respect of A.R.P, the requirements of Mysore may naturally be subordinated to those of more vulnerable areas.

We have one officer (Mr. N.R.Edwards) trained in the Officers' Course, one (Mr. T.K. Rama Rao) trained in the Instructors' Course at Calcutta. A nominee of the Hindustan Aircraft Factory has been allotted a place in the present Industrial Course.

We have besides 4 Sub Inspectors of Police trained as Class III Instructors at Bombay and Madras.

At the Staff Officers' and Instructors' Course held recently at Bangalore from 30-3-1942 to 10-4-1942 as many as 40 officers and nominees from all over the State have undergone the full training required for organizing A.R.P. measures or instructing Wardens.

It does not seem necessary to send more persons from here to the Calcutta School. The Government of India may, I think, be told that we do not require any more vacancies in the Calcutta School for the Officers', Instructors' or Industrial Courses.

NOTE ON TRAINING OF A.R.P. INSTRUCTORS.

----:0:----

The training is designed to enable A.R.P. Instructors to give instruction, on their return, to members of A.R.P. Services, as well as lectures and instruction to the general public in the following subjects: -

Incendiary Bomb Control,
Elementary Methods of Protection against High Explosives,
Anti-gas Measures.

2. It is a matter of some importance that the training in these subjects should be of a high standard and be uniform. The Government of India, therefore, in order to avoid misstatements and misconceptions, have decided that only those instructors who have gained a certificate at the Air Raid Precautions School and only those who have been trained by them under a scheme for the local training of A.R.P. instructors shall be recognised as qualified to give instruction.

3. An examination will be held at the end of the Industrial Course, A.R.P. Officers Course, and A.R.P. Instructors Course. Two Classes of certificates will be given, e.g.

A.R.P. Instructor Class I -

Awarded to candidates who obtain 85% in the practical part of the examination and 80% in the oral and written (theoritical) parts.

A.R.P. Instructor Class II -

Awarded to candidates who obtain 50% or over but do not reach the standard required for a Class I Instructor.

Those who attend other types of Courses will be given a Certificate of Attendance. This will not qualify them to give instruction in the three subjects mentioned above.

4. The [A.R.P. Officers Course and the] Industrial Course are designed to qualify those attending as A.R.P. Instructors in Incendiary Bomb Control and Elementary Methods of Protection against High Explosives, and to supervise training but not

instruct

instruct in anti-gas measures. Officers attending will therefore only receive a Certificate in respect of the first two subjects.

5. Only an A.R.P.Instructor Class I will be qualified to train Local Instructors who will be known as A.R.P.Instructors Class III. The Scheme for the training of A.R.P.Instructors Class III locally will be announced later.

6. A.R.P.Training Manual No.2, 1st Edition "Manual for Officers Responsible for A.R.P.Training" issued by the Ministry of Home Security in England is being reprinted in India and will shortly be distributed. In the appendices to this Manual is set out the Syllabus of Instruction for each subject. As it was designed for use in England the modifications noted below are necessary in respect of the Instructors qualified to teach each syllabus: -

Scheme of Local A. R. P. Courses for Training Local A. R. P. Instructors (A. R. P. Instructors, Class III).

PART I.—GENERAL RULES.

Controlling Bodies.

1. The organisation of courses and award of certificates under this scheme may be undertaken only by :—

(a) Provincial Governments.
(b) Chief Commissioners.
(c) Departments of the Government of India.
(d) Bodies so empowered by the Government of India from time to time.

Courses of Instruction.

2. The syllabus for the Class III course set out in Part II of this Appendix had been sub-divided into three parts : (a) anti-gas training, (b) elementary methods of protection against high explosive bombs, and (c) incendiary bomb control. Candidates who hold a Class I or Class II Certificate gained at the A. R. P. School, Calcutta, but who did not have an opportunity of qualifying in Anti-gas may take the Anti-gas Course only and qualify as an A. R. P. Instructor Class III in this subject.

A. R. P. Instructors Class I are eligible to train or examine candidates in the subjects in which they have qualified at the schools.

A. R. P. Instructors Class II may train or examine candidates only in elementary methods of protection against high explosive bombs and (assuming that they have passed the incendiary bomb part of the A. R. P. School course) in incendiary bomb control.

3. Each course of instruction shall be limited to 10 candidates ; provided that up to 20 candidates may be taken if an A. R. P. Instructor above-mentioned has an A. R. P. Instructor Class I or II to assist him.

Examinations and Standard of Qualification.

4. The examination at the end of the course shall be conducted by an A. R. P. instructor holding the appropriate qualification (see paragraph 2), who shall not be the Instructor who gave the course of instruction. The examiner may be assisted, if required, in connection with the practical part of the examination by another appropriately qualified A. R. P. instructor Class I or II.

5. No candidate shall be admitted to the examination who has not attended the prescribed course of instruction as provided in paragraph 2.

6. No candidates shall be allowed to take the part of the examination relating to incendiary bomb control unless a certificate has been furnished by the instructor who gave the corresponding part of the course of instruction that the candidate is able to deal efficiently with an A. R. P. practice incendiary bomb and fire.

7. The examination shall consist of the two following parts :—

(a) Two written papers, each of five questions. The first paper, for which a period of two hours will be allowed, will be designed to test the candidate's knowledge of A. R. P. Handbooks Nos. 1 (less drill sections) and 2, also the Handbook. " The Protection of Your Home against Air Raids ". The second paper, for which a period of one hour will be allowed, will be set to test knowledge of (i) elementary methods of protection against high explosives bombs, and (ii) incendiary bomb control.

Candidates holding a Class I or II Certificate in Incendiary Bomb Control and Elementary Methods of Protection against High Explosives will only be required to take the first written paper.

Maximum marks 100 each paper.

(b) A practical examination to test :—

(i) The candidate's ability to teach a squad respirator drill with Service and the Civilian Duty respirators.

Candidates holding a Class I or II Certificate in Incendiary Bomb Control and Elementary Methods of Protection against High Explosives will only be required to take (i) above.

(ii) His ability to teach by a lecturette and demonstration, using exhibits as far as possible, practical methods of protection against high explosive bombs.

(iii) His ability to teach elementary fire drill with the requisite hand appliances, and to organise practice fires for demonstration purposes.

Maximum marks 100 for each subject.

Total maximum marks for the full Class III examination, 500, or 200 if the candidate has been excluded from the part of the examination relating to incendiary bomb control and elementary methods of protection against high explosives.

8. At the written examination, each candidate will be provided with a copy of the questions set by the examiner, and will be required to write his answers in an Examination Book.

9. The controlling body organising the course will be responsible that the examination is conducted in accordance with the rules given in Part III and is properly supervised.

10. No candidate will be treated as having passed the examination unless he has obtained 60 per cent. or more of the maximum marks in the written examination, and in the case of the practical examination 60 per cent. or more in each of the three subjects shown in paragraph 7 (b), or in each of the first of these subjects if the candidate has been excluded from the part of the examination relating to incendiary bomb control, and elementary methods of protection against high explosives, provided that a candidate who has passed in the practical part but has failed in the written part may, at the discretion of the controlling body organising the course, be permitted to present himself for re-examination in the written part on one subsequent occasion, and if he then passes may be treated as having passed the whole examination.

11. At the conclusion of an examination, the examiner shall furnish to the controlling body a statement of the results of the examination in one of the forms set out below :—

(i) Form A. R. P.|Class III|1 in the case of candidates who have taken the full examination.

(ii) Form A. R. P.|Class III|1a in the case of existing instructors Class I and II who have qualified both in elementary methods of protection against high explosive bombs and in incendiary bomb control.

Award of Certificates.

12. The controlling body under whose authority the course and examination were held may award a Certificate Class III to each candidate who has taken the full examination (or the full examination in anti-gas only) and is certified by the Examiner to have passed the examination.

13. The body of the certificate shall be in the Form A or B, as the case may be, given in Part IV. The certificate or endorsements should be signed by a responsible officer deputed by the Controlling Body.

PART II.—SYLLABUS FOR TRAINING CANDIDATES FOR CERTIFICATE CLASS III.

It will be noted that only 1 hour for decontamination is included in the anti-gas syllabus. This is deliberate, as the instruction in this subject must be given to such personnel as decontamination squads, etc., by an A. R. P. Instructor Class I or II and not by an Instructor Class III.

(b) Syllabus for training in elementary methods of protection against high explosive bombs.

(To be given by an A. R. P. Instructor Class I or II).

NOTE.—Each lesson is estimated to last about one hour. Each actual lecture should last about 45 minutes, to be followed by questions lasting over a period of about 15 minutes.

Each practical demonstration should last about 2 hours.

Before the lecture, the students should be told that they will have an opportunity for asking questions after it.

As regards the practical demonstrations, it is most important that the instructor should know exactly what he is going to do and the correct sequence of doing it.

HANDBOOKS, ETC.

Attention should be drawn to the following handbooks, etc., before the lecture begins in order that students may read them during their leisure :—

Pamphlet on "Shelter from Air Attack" (H. M. Stationery Office, price 2*d.*)

" Directions for the erection of Domestic Surface Shelters " (H. M. Stationery Office, price 2*d.*)

The students should understand the main principles laid down in this booklet.

Air Raid Precautions Memorandum No. 10, " Provision of Air Raid Shelters in Basements " (H. M. Stationery Office, price 4*d.*)

This Memorandum is intended primarily for the guidance of Technical Officers, but should be read by the students.

" The Protection of your home against Air Raids " (H. M. Stationery Office, price 1*d.*)

" Notes on the Construction, Maintenance and Replacement of sandbag Revetments—1940 ".

" Air Raid Precautions Memorandum No. 12 " 1st edition. " Protection of windows in Commercial and Industrial Buildings."

" A Summary of Structural Air Raid Precautions applied to Factories " issued by the Government of India, Department of Labour.

" Notes on Structural Precautions Against Air Attack 1941 ". Issued by the Government of India.

1. *Lecture* .. H. E. Bombs and their effects.

Standards of Protection.

This includes lateral protection against splinters and protection against blast and gas, and in addition over-head protection.

(a) in the case of shelters in buildings against falling debris ;

(b) in the case of shelters independent of buildings against the light incendiary bomb and dropping fragments from our own anti-aircraft shells and splinters from distant bombs.

Reference should be made to the thickness of various materials required to resist penetration by splinters.

2. *Practical Demonstration.* Practice in building earth walls, *e.g.*, sandbag walls constructed of boxes full of earth (soap boxes, packing cases, etc.), and earth between shuttering.

(Shuttering can be made of wooden boarding, corrugated sheets, etc., supported by uprights.)

3. *Lecture* — Shelters in Buildings.

----:0:----

I am directed to refer to Government of India letter No.78/167/41-A.R.P., dated the 8/9th May 1941, and to state that the replies to the request contained in paragraph 6 appear to have been given under a misapprehension as to what information was required. Applications were made for vacancies at particular courses mentioned in Annexure B to that letter, whereas it was requested that an estimate should be given of the total eventual number of vacancies which would probably be required for each of the various types of courses mentioned in Annexure A to that letter.

It is appreciated that to give an accurate estimate is a matter of some difficulty but the Government of India would be grateful if some indication could be given so that a forward programme of courses may be drawn up to meet demands. Annexure A to the previous letter is attached for ease of reference, with the request that the information may be furnished by the 28th July, 1941.

2. I am further directed to request that every effort be made to send as many suitable persons as possible to the various types of courses applicable to them in order that up to date knowledge of Air Raid Precautions may be widely disseminated, training arrangements extended, and Air Raid Precautions services and members of the General Public more speedily and efficiently trained in Air Raid Precautions.

Nomination of candidates for attending Courses at the Air Raid Precautions Staff School, Calcutta.

I am directed to say that instances have occurred in which changes in the nomination of candidates for admission to various courses at the Air Raid Precautions Staff School, Calcutta, were communicated to the Government of India after the courses had actually commenced. As this causes great inconvenience and dislocation of arrangement already made, the Government of India have decided not to entertain such belated nominations. I am therefore to request that, if there is no objection, the Provincial Government will take steps to ensure that nominations are made, and particulars of candidates furnished, sufficiently in advance of the commencement of each course.

SIR,

I am directed to refer to paragraph 3 of the Note on Training of A.R.P. Instructors forwarded with my letter No.F.78(3)-40/W, dated the 29th May 1941, in which was set out the standard to be reached by students attending the Air Raid Precautions Staff School to qualify them as Air Raid Precautions Instructors Class I and II and to state that it has been decided to modify this.

2. The new standard is as under: -

(a) Air Raid Precautions Instructors Class I.

Awarded to candidates who obtain 75% marks in the practical part of the examination and 65% marks in the oral and written (theoretical) parts. The candidate must pass in all subjects.

A distinguished certificate will be awarded to any Class I Instructor who qualifies with an aggregate of 85% marks.

(b) Air Raid Precautions Instructors Class II

Awarded to candidates who fail to pass in all subjects but who attain the standard laid down for a Class I Instructor in one or two subjects only. They will be awarded a certificate only in respect of the subject in which they obtain the percentage marks laid down in 2(a) above.

(c) Air Raid Precautions Instructors Class III

This certificate is normally awarded after qualification at a School organised locally as set out in the scheme forwarded with my letter No.F.78-40(3)/W, dated the 11th June 1941. It will also be awarded in respect of one or more subjects to candidates at the Air Raid Precautions Staff School, who obtain 50% - 74% in the practical and 50% - 64% in the oral and written parts of the examination on any particular subject.

Official recognition of Air Raid Precautions Instructors trained locally before the opening of the Air Raid Precautions Staff School, Calcutta.

I am directed to say that the Government of India suggest that official recognition of Instructors trained locally by the Provincial Governments/etc. before the opening of the Air Raid Precautions Staff School, Calcutta, is desirable and should be accorded on the following terms. The Instructors concerned should take a short refresher course under an Air Raid Precautions Instructor, Class I, qualified at the Air Raid Precautions Staff School, Calcutta, instead of being put through the whole syllabus for Class III Instructors, and that, at the end of this course, they should take the examination laid down for candidates for Class III Instructorship and be given a certificate if the result is satisfactory.

New Delhi, the 3rd November 1941.

Subject:- Allotment of vacancies at the Air Raid Precautions Staff School, Calcutta - Air Raid Precautions Instructors Courses.

Sir,

I am directed to refer to paragraph 5 of Home Department (Air Raid Precautions Section) letter No.78/161/41-A.R.P., dated the 15th May 1941 and to the note to paragraph 6 of letter No.78/208/41-A.R.P., dated the 30th July 1941 and to address you on the subject of the choice of candidates for Air Raid Precautions Instructors Courses.

The syllabus of instruction at the Air Raid Precautions Staff School is of necessity an intensive one and a great deal of information has to be absorbed in a short period by those attending. In addition the practical part of the course makes some demand on the physique of the students.

A number of the students now attending the School have had no previous knowledge of the subjects they are to learn and in some instance have not the physical stamina to carry out all the work demanded from them, either at the school or on their return to their Province. Some students have also been at a disadvantage because they have not a really good knowledge of English.

Whilst such students have achieved reasonable success it is considered that they have been badly handicapped and have not been able to obtain full benefit from the course. Their presence at the school has also had the effect of holding back the students better equipped in these respects. The

unfortunate .....

unfortunate result is that Provincial Governments (you) are receiving instructors who have not reached as high a standard as they (you) would desire.

() To Chief Commissioners only.

I am therefore to request Provincial Governments (you) to ensure that only the most suitable persons are selected to attend Instructors Courses, and that the following qualifications are insisted upon as far as possible :-

Candidates should:-

(a) be of a standard of intelligence capable of absorbing rapidly a subject which must necessarily be taught in a limited time and in an intensive form;

(b) have sufficient personality to be able to make interesting and informative the instruction which they subsequently give to those they instruct;

(c) be physically fit and reasonably active;

(d) have matriculation standard of education;

(e) have a good understanding of spoken English; and

(f) have studied the various Air Raid Precautions Handbooks.

The following qualifications are also desirable:-

(a) age between 25 and 35 years;

(b) previous instructional experience; and

(c) fluency in English.

After 1st March 1942 the holding of a Class III Certificate will be a compulsory qualification for students attending Instructors Courses. Only in exceptional circumstances will this be waived.

In view of the fact that the Courses are somewhat strenuous, it is necessary that every student should be medically examined not more that 10 days before the date he is due to report at the School to ensure that he is not suffering from any disability which might be aggravated by the exertion entailed in the normal syllabus of training .

SIR,

With reference to the correspondence ending with your letter No.1430/W dated the 6th January 1942, I have the honour to state that Mr. St.Clair Wright will shortly relieve Inspector Mr. F.W.Penn as Chief Drill Instructor at the Police Training School, Bangalore, on the latter's departure on Military Service; consequently it will not be possible to spare the services of Mr. St.Clair Wright for training Class III A.R.P. Instructors.

In the circumstances I request that the name of Inspector Mr. N.R.Edwards of the Provincial Reserve Police, Bangalore, may be substituted for that of Mr. St.Clair Wright as the nominee of the Mysore State for No.8 (A.R.P.Officers') Course commencing at Calcutta on the 2nd February 1942, and that the Residency may be informed accordingly and asked to communicate this information to the Government of India and the Commandant, A.R.P. School, Calcutta, with the least possible delay.

Mr. N.R.Edwards recently returned from a course of training in Tear Smoke at Phillaur, where his ability to impart instruction came in for special commendation. He has been a member of the A.F.(I) for several years and is well equipped, both physically and mentally, to qualify as a Class I A.R.P. Instructor. The requisite particulars are appended.

SIR, A.R.P. Instructors' Course at Calcutta.

I With reference to your letter No.1913/W dated the 3rd March 1942, I have the honour to invite kind reference to your letter No.1082/W dated the 2nd December 1941 and subsequent correspondence, as a result of which Inspector Mr. N.R.Edwards was deputed to attend No.8 (A.R.P. Officers') Course at Calcutta.

It was only after Mr. Edwards returned from Calcutta that it was realised that this Course was not specially designed for Instructors and that, consequently, Mr. Edwards has not been granted a certificate as a Class-I Instructor and so qualified to train Class-III Instructors. I do not, however, consider that this need prevent Mr. Edwards from training as many persons as we require as Instructors, who will in turn hold classes in the various districts similar to those now being conducted by our Class-III Instructors who qualified in Bombay and Madras. In fact, the Course attended by Mr. Edwards seems to have been even wider in scope than that designed for Instructors.

In the circumstances, it is not proposed to nominate a candidate from the Mysore State for the No.2 Instructors' Course to be held at Calcutta from the 9th to 18th March.

I have the honour to be,

FROM

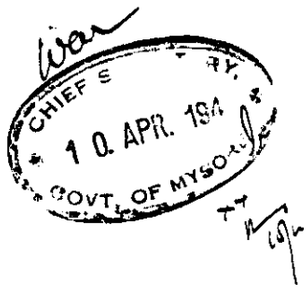
THE SECRETARY TO THE HON'BLE THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.



Dated Bangalore, the 10th April *194*2.

A.R.P. Training Courses.

SIR,

The Government of India state that in view of the instructions issued in their Civil Defence Department letter No.F.1.A.R.P.(Poll)/42, dated the 12th March 1942, a copy of which was forwarded with my letter No.F.78(7)-40/W, dated the 21st March 1942, it appears possible that Indian States may now wish to revise the demands they have up-to-date made for vacancies at the courses which are from time to time held at Calcutta.

2. The following statement shows the minimum of Centrally trained personnel which, in the opinion of the Government of India, is essential if efficient Air Raid Precautions are to be organised.

A.R.P. Officers.

One Calcutta trained A.R.P.Officer to each State in which there is a town of Class I, II or III or P I, P II or P III: plus one additional A.R.P.Officer for every additional Class I or II town or two Class III towns in the State.

Instructors.

One Centrally trained instructor for each Class I, II or III and each P I, P II or P III town with a population of 40,000 or under and one additional Centrally trained instructor for each additional 25,000 of the population in each town.

Industrial.

One trained man in every State in which there is any form of established industry.

3. Taking into consideration the vacancies at the Calcutta courses which have already been allotted to the Government of Mysore, I am to request that a statement showing the further requirements of the Government of Mysore in this regard may kindly be forwarded to this Residency at as early a date as possible for transmission to the Government of India. This statement when received will be considered as the final requirements of the Government of Mysore.

4. The Government of India also observe that in certain cases arrangements have been made for State candidate instructors to be trained at neighbouring Provincial Government schools. While encouraging the fullest collaboration between the States and British Indian Provinces, the Government of India do not consider that this is an altogether satisfactory arrangement though they fully realise that the great distance of some States from Calcutta and the limited number of vacancies which have up-to-date been available have made such an arrangement necessary. In order to increase the vacancies available to State candidates and in order to facilitate the training of candidates from the western half of India, the establishment of a second school in that area is now under their consideration. Should it be possible to establish such a school the very best training facilities possible will then be available to all Indian States in which A.R.P. measures are being undertaken.

5. In order to enable the Government of India to make the necessary arrangements with the minimum delay, they request that the matter may be treated as urgent.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

No 11 Officers Course

1. The address of the School is 4, Camac Street, Calcutta. This is situated off Park Street, is about 400 yards from Hall and Anderson's Ltd., Chowringhee, and three miles from Howrah Railway Station.

2. No 11 Course will commence at 0900 on Monday the 4th May 1942. Students should report their arrival to the School Secretary on the preceding Saturday not later than 1200 hours.

3. Notes on accomodation are attached. The Director of the School cannot undertake to book accomodation for Students in advance.

4. Air Raid Precautions literature will not be supplied by the School. Students should bring with them the Government of India Air Raid Precautions Handbooks and any United Kingdom Air Raid Precautions Handbooks and Memorandum available.

5. Students will make their own arrangements for writing materials and note books.

6. (a) The Director has no authority to disburse moneys for travelling allowances, pay etc., of students.

(b) The travelling allowance of candidates will be that normally admissible under the rules applicable to them. In the case of candidates employed under the Provincial Governments, those Governments will meet the expenditure in the first instance and adjust the share of the Central Government, along with other Air Raid Precautions expenditure debtiable to the latter question of financing Air Raid Precautions measures.

7. From March to October - both inclusive - the climate of Calcutta is warm and very humid, necessitating frequent changes of light clothing. For the rest of the year, light clothing may be worn by day but warm clothing is required at night and in the early morning. Rainproofs and Umbrellas may be necessary especially from June to October, (both inclusive).

8. Should any injury be sustained in the course of training at the Air Raid Precautions Staff School, the question of compensation will be decided on the merits of each particular case.

9. Students should be medically examined not more than ten days before the date they are due to report at the School and a certificate in the form ~~prescribed below~~ attached should be produced on arrival at the School.

SIR

With reference to your letter No.2535/V dated 16th April, 1942, I have the honour to state that the vacancies offered are for training A.R.P. Officers. What we need is A.R.P. instructors. It is only those who are qualified as Class I A.R.P. instructors that can train local instructors. In these circumstances it seems to me that no useful purpose will be served by our officers taking the course now offered. I therefore think that we need not nominate any body for either of these courses.

SUBJECT:- Qualification of students attending Civil Defence Instructors School.

Sir,

I am directed to say that the Directors of the Civil Defence Schools Calcutta, report that from the state of knowledge of many of the students it would appear that they are not receiving sufficient warning that they are to attend either of the schools to enable them to make themselves acquainted beforehand with the various Handbooks and Pamphlets issued by the Government of India.

Whilst it is realised that long notice of the allotment of vacancies to a particular course is not always given by the Government of India, it is suggested that students be informed that they have been selected to attend a course as soon as a vacancy can be secured and that in the meantime they should study all the relevant literature.

In this connection your attention is invited to Civil Defence Department letter No. 78/161/41 A.R.P. dated the 3rd November 1941, and in particular

Sir,

Allotment of vacancies for the
Industrial Course No. 12-A.

With reference to your letter No. 3273/W dated 1st June 1942 requesting me to suggest the name of a person to be deputed to Calcutta to attend the No. 12-A (Industrial) Course to be held at the A.R.P. Training School, Calcutta, from 29th June to the 18th July 1942, I have the honour to state that the Mysore City area comprises a number of important factories in which A.R.P. arrangements have to be carefully attended to. The Mysore Chemicals and Fertilisers, Ltd., has been included in the list of important factories as class B2 Factory. In view of these circumstances, I propose that Mr. T. Nagesha Rao, Mainte-

Maintenance Engineer of the Mysore Chemicals and Fertilisers, Ltd., be permitted to attend the School Course as one of the Candidates from Mysore. He is already in charge of A.R.P. work at the Mysore Chemicals and Fertilisers, Ltd., as Chief Warden and is familiar with the general nature of A.R.P. work and his intensive training on this work at the Calcutta School will enable him to gain up-to-date knowledge of the A.R.P. Measures and his services will be available for attending to this work in all the factories in the Mysore area and also to the other A.R.P. authorities.

The Travelling expenses in connection with Mr. Nagesha Rao's deputation to Calcutta will be borne by the Mysore Chemicals & Fertilisers, Ltd.

I request that my proposal may kindly be approved.

Subject:- Civil Defence Instructors' School -U.X.

Sir,

Arrangements are being made to include instruction in the detection of Unexploded Bombs among the subjects taught at the Civil Defence Instructors' School.

2. This will entail lengthening the courses by 4 days. The present I.B., and H.E. Course covers 11 working days and the I.B., H.E. and A.G. Course covers 19 working days. It is considered that a 23 days course would be too long and intensive for most students and for this reason the subject Unexploded Bombs will only be included in the I.B., and H.E. Course. An exception to this is made when this subject is first introduced in order that a start may be made on training instruction at as early a date as possible. A revised programme of courses will be issued separately.

3. Students will be examined in the subject at the School and will be given Class I (Distinguished) Class I and Class II certificates provided they reach the standard set out in Civil Defence Department letter No.28/42-A.R.P.II(T), dated 25th/26th February,

1942. The certificate will be given in the following form:-

"Mr. A Class I U.X.B."

4. It is requested that all students attending Unexploded Bomb Courses be given an opportunity of making themselves acquainted beforehand with the contents of Civil Defence Department Circulars No.142/42 and No.169/42.

Subject:- Medical certificate of students nominated to attend Civil Defence Schools.

Sir,

I am directed to refer to the Civil Defence Department Circular No.254/42, dated the 19th June 1942 and to say that several instances have been reported in which candidates nominated for training at the Civil Defence Instructors' and Specialist Schools have not been sufficiently fit to undertake the severe physical work which is involved in these courses. The Government of India have therefore decided that in future candidates who do not come up to the standards of physical fitness laid down will be refused entry to Instructors and Specialist Courses.

2. It is requested the Provincial Governments will issue *you such instructions as are necessary to ensure that all students attending Instructors' and Specialist courses are physically fit, and

*to C.Cs only.

physically fit, and Provincial Governments are advised in their (you) (your) own interests to ensure that candidates at the other Schools also conform to a reasonable standard of fitness.
